The President's Report

Happy spring to all! As we race into the summer months and the vacation season I hope everyone is doing well.

The core mission of your Association of maintaining the historic Pulliam cemetery has gone well this year. Our family cemetery has never looked better. I visited the site on April 29th of this year and found it to be in excellent condition. This is due in part to outstanding new vendor we have hired to maintain the site and your financial support of our mission. Our previous grounds maintenance person retired late last year. The friendly folks in Elberton passed along the name of new vendor who took on the task at a lower cost. As stated the result of his efforts are excellent. The site remains a well maintained and safe place to visit.

Over the last ten months we have investigated ways to improve the long-term viability of the cemetery. We have obtained an EIN and intend to incorporate as a nonprofit corporation in Georgia. This will give us the ability to enter formal agreements with other organizations or individuals. Finding a suitable partner to assist with the maintenance and care of the cemetery over the long haul will be a challenge. We have already reached out to the historic association in Elbert Country to start the process. Much more work remains to be done.

I would like to remind everyone that the Pulliam reunion is scheduled for June 10, 2017 at 11:30 a.m. at the residence of Tommy Pulliam. He will host the event in his Community clubhouse. Please fill free to call or email for directions. My email address is djones@davidajones.us or 865-719-5239.
